Hello and welcome to 1st Edition 2016

Manly Waters Private Hospital is a 66 bed Acute Care Private Hospital
Rehabilitation (Inpatient & Day Only), Medical, Surgical and Palliative Care Hospital

1. To get to Day Rehabilitation - do your patients need transport?
2. How can Manly Waters help you manage your patients with Chronic Disease?

We wish to be part of your team when it comes to the management of your patient's health.

Manly Waters has a major focus on the Prevention of Falls before they occur and is working with the SNHN and Sydney University "iSOLVE" initiative on falls.

Programs for Inpatient & Outpatient Day Only Rehabilitation: Orthopaedic (surgical & non-surgical), general reconditioning such as chronic disease management, musculoskeletal, neurological, cardiac and falls prevention. In addition to gym sessions programs may include Tai Chi, Pilates and Hydrotherapy.

Please call us to find out more regarding our programs and transport options 9977 9977

It is the patients who inspire us! Both young, mature & amazing...

Everyone is working on being the best they can be to maintain their fitness and independence.

Our Rehabilitation Team

Headed by our Rehabilitation Specialists and including Physiotherapists, Occupational Therapists, Exercise Physiologist, Dietitian & Social Workers (inpatients) programs are tailored to the patient's abilities & needs.

A message from Hospital Director Linda Huxley:

With a new year ahead of us I would like to thank our referring hospitals, doctors and staff, including our own, for their dedication and effort throughout 2015 and wish you all the best for 2016.

Supporting GP Education

Manly Waters has been providing Continuing Professional Development to GPs for the past 15 years.

These workshops are held on site and the lectures are given by our dedicated Specialists.

Needs assessment surveys help provide us with a method to assure these are relevant to the learning needs of the GPs.

However any GP who wishes to make suggestions for topics please contact our workshop coordinator Margaret Woods via email: mwoods@mhsmanly.com.au

Kerri Clare Clinical Services Manager

Thank you to Dr Patrick Coleman, Specialist in Nephrology & Hypertension for his recent Talk at Manly Waters “RENAL POT POURII 2015”.

This Talk was attended by 35 GPs and references from the Talk were emailed to all who attended. If you were not able to attend the Talk and would like a copy please email your request to Margaret Woods.

All rooms have FOXTEL access using the nurse call handset & channel selection button.

Wi-Fi is available to all patients at no cost.

The door is always open to discuss your Palliative Care patients:

Since our opening Manly Waters is the only Private Palliative Care Hospital on the Northern Beaches. We have a multidisciplinary approach to patient care and symptom management; this allows our palliative care team to address physical, emotional, spiritual and social concerns that arise with advanced illness.

This Team may include:

- GPs including GPs with a special interest in Palliative Care
- Palliative Care Specialists
- Physicians
- Nurses
- Chaplains
- Social workers
- Other Allied Health Professionals

Our Palliative Care Specialists

- Dr Philip Macaulay
- Dr Anthoulla Mohamudally

Referrals through Manly Waters Private Hospital please.
