Winter Edition 2014

## How to Admit a Patient to Manly Waters Medical & Inpatient Rehabilitation Admissions

Although many of our patients are transferred from both public and private hospitals we receive many admissions directly from GPs and Specialists.

GPs may choose to care for their own patients or have one of their colleagues, who is a frequent user of the hospital, take care of their patients whilst they are in Manly Waters.

The patients usual GP will be informed of their discharge and outcome.

## We welcome new accreditations

Applications for Visiting Practitioner forms are available by contacting Linda Huxley our Hospital Director.

NB: We are an acute care private hospital so patients require a clear diagnosis and cannot be admitted for respite.

### Kerri Clare Clinical Services Manager

To make an admission simply call the hospital and ask to speak with our Clinical Services Manager, Kerri Clare. Kerri will be able to answer any questions you may have regarding the patients suitability.

Linda Huxley Hospital Director

### Farewell:

We would like to wish Dr Peter Moore, Palliative Care Specialist, all the very best for his future.

It is hard to find words to express the gratitude we and so many others have for his absolute dedication over the years .

He will be greatly missed at Manly Waters.
